Demand for More Scrap

Government to Demand Sales

5th Carload of Scrap Will Be Shipped Friday; Donald Nelson Pleads for Metal

Two big trucks unloaded 10,000 pounds of scrap metal yesterday at the salvage yard of A. A. Kirkpatrick.

Nearly three carloads of steel, iron and tin are piled up, ready for shipment. The fifth carload of metal will be loaded out Friday. Mr. Kirkpatrick has shipped four other carloads, and has awaited orders on the fifth for nearly a week.

A federal inspector has spotted a lot of old farm machinery and other scrap metal in Randall county. If the owners do not sell this metal to the local salvage depot steps will be taken to force the sale. The federal government has powers to force the sale of scrap metals which are not offered by the owners. All citizens who have scrap metal and have taken no steps to dispose of the same must act at once before enforcement action is taken.

Donald Nelson has asked the newspapers of America to continue their campaign to market all scrap iron at once. Steel mills are running low of scrap to feed the furnaces. Production of steel for war-machines is needed now, and will be needed in greater amounts as more troops are thrown into the war.

Every citizen of Randall county is urged to sell their scrap metal at once and thereby do their part in winning the war.

Meaning of the Various Type of Gasoline Books

Perhaps you have seen a variety of windshield stickers on cars, and have wondered what they mean.

Gasoline ration books are of eight classes and call for different amounts of gasoline.

All car owners received A ration books, 4 gallons, with 32 coupons. B and C books are supplemental gasoline. B books have 4 gallon coupons, 16 to the book; C books have 64 coupons, 4 gallons each.

D books are for motorcycles; 2 1/2 gallons, 32 coupons. E and R books are non-highway. E books have 48 coupons, 1 gallon each; R books, 96 coupons, 5 gallons each.

T books indicate transportation: T-1 books have 96 coupons, good for 5 gallons each; T-2 books have 384 coupons, good for 5 gallons each.

Pic Features the Tall Boys From West Texas State

This week's issue of "Pic" features tall basketball players. More space is given to the West Texas State Buffaloes than any other players featured in the article "Menace to Basketball."

Tall Charles Halbert of last year's Buffalo team was featured in play at Madison Square Garden.

Ray Ellefson, new pivot man who replaces Halbert on the Buff team, was shown in a half page picture. Joe Fortenberry, former Buff center, was mentioned in the article.

Mrs. R. J. Bowman Died in Los Angeles After Operation

Mrs. R. J. Bowman died last week in Los Angeles following an operation. She will be remembered as Florence Neal, daughter of Mr. and Mrs. W. H. Neal, who are now living at Roswell. She lived here until her marriage, when the family moved to California.

Surviving is the husband and two children, Robert, Jr., and Barbara Fern, her parents, Mr. and Mrs. Neal; one brother, Brewer Neal; one sister, Mrs. Nannie Lee Havenolt.

Members of the family, together with Mrs. R. T. Bowman, mother of R. J. Bowman, attended the funeral in Los Angeles.

Mr. and Mrs. J. Madison Daugherty spent Thanksgiving with their sister and husband, Mr. and Mrs. Ted Schuler at Petersburg.

Pvt. Billy Hill of Camp Barkley spent the week-end with Mr. and Mrs. Clay Cooper.

Money, Knitters, Seamstresses Are Needed Red Cross

The Red Cross Chapter has received its quota for the next six months which is 900 items. Two hundred of these must be finished by January 1. Anyone who is a good seamstress or knitter is needed at once at the Red Cross room.

The Chapter is still short \$75.00 of its quota on the Red Cross Kits for Overseas men. This must be collected by Jan. 1st. Many troops moving overseas, it is vital that these be finished as soon as possible.

Those contributing to the Red Cross Kits were: Business Women's Club \$5; W. T. Elementary School Junior Red Cross \$8; W. T. High School Junior Red Cross \$9; Woman's Book Club \$5; Rotary Club \$19; Presbyterian Guild \$7; Delta Zeta Chi \$15; Lions Club \$5.

Anyone interested in donating work or money may see J. W. Shook, Chairman of the Red Cross or Mrs. Bessie Melton at the Red Cross Room.

Register of 18 Year Olds Will Start Dec. 11th

Boys who have reached the age of 18 years since the last registration on June 30 will start to register for military service next week.

Between Dec. 11 and 18, boys who became 18 years of age during July and August of this year must go to a Selective Service office and register for military service.

Those who became 18 during September and October must register between the dates of Dec. 19 and Dec. 25.

Boys reaching 18 during this month must register December 26 to December 31.

Starting with January 1, 1943, boys will register on their birthdays as they become 18 years of age.

As soon as they are registered these boys are subject to military service unless given deferments by their local boards.

Religious Week Will be Ended Friday Night

Religious Emphasis Week services will be concluded Friday night at services to be conducted at the West Texas State auditorium.

Dr. W. Angie Smith, pastor of the First Methodist Church of Dallas, has been the speaker of the week, and has brought forth messages which apply to both the students and citizens of the community.

Dr. Smith will speak at the Methodist Church tonight at 8 o'clock. All citizens of Canyon are invited to attend this service at the church.

Friday night at 7:45 o'clock Dr. Smith will deliver the final message at the auditorium.

Christmas Trees on Sale by Legion Soon

The American Legion will handle Christmas trees again this year. They will be placed on sale next Monday, according to J. W. Klein-schmidt.

Dr. S. H. Condon left Sunday for Nashville, Tenn., where he is attending a meeting of a committee of ten Methodists of the nation to plan a program of work for the church to meet war conditions.

Sewell Cox Is Killed Sunday

Accident at Shipyard in California Takes Life of Prominent Young Man

SEWELL COX
Sewell Cox was killed Sunday in a shipyard accident at Napa, Calif., where he had been working for three weeks as a welder. A steel beam fell on his chest, crushing the young man. Another man was injured in the accident, but will recover according to word from the shipyard.

The body will arrive at noon today. The funeral will be held Friday afternoon at 2 o'clock at the Methodist Church, conducted by Dr. W. B. Smith, vice president of Abilene Christian College, assisted by Rev. Luther G. Roberts of Amarillo.

Pall bearers will be Chesley McDonald, Bruce Prior, J. W. Elrod, Benton Riddle, James Malcolm Smith, Pat Amon, all four-year classmates of the deceased at ACC. All are now in the Lubbock Flying School.

The body will be shipped to Henderson Friday night for interment in the family plot of the C. L. Grissom family.

Sewell was the son of Mr. and Mrs. G. W. Cox, prominent farmers of Randall county. He was 26 years old. He was born at Lockney and began his school work at the Garrison school south of Canyon. He graduated from Canyon high school in 1936, thus taking all of his elementary training in Randall county. He received his degree from Abilene Christian College in 1940. He was a football star in both high school and college. At ACC he took an active part in all student activities and was a member of the student council.

Following graduation, he was elected coach of the Claude high school. (Continued on page five)

Putting Sock in the Second Year of War

Gasoline Sales Hit High Record

Rationing Started Tuesday With Citizens Supplied For Many Weeks to Come

Monday was the biggest gasoline business ever seen in Canyon.

Every service station had such business of which every operator often dreams, but seldom enjoys.

As a matter of fact, the service station men did not enjoy the day, realizing that for the duration future sales of gas would be limited to coupons, and a lot of book-keeping.

There is probably enough gasoline in storage in Randall county to run every motor driven vehicle for weeks to come.

Cars, pickups and trucks carted away thousands of gallons of gasoline before closing time Monday night. Barrels, cans, jars, and other kind of containers were used to haul away gasoline. Every car in the county was filled to capacity before midnight. Every station did a flourishing business up to the time of closing, and every one stayed open until midnight, when it was necessary to take an inventory of the gasoline on hand.

Nov. 30, 1942, will long be remembered by every service station operator.

Surviving are the husband and two daughters, Georgia Fay and Carol Ann; the parents, Mr. and Mrs. O. I. Smith; one brother, Ernest Smith of Marlin; four sisters, Mrs. A. D. Foreman of Amarillo, Mrs. Earl Smith of Amarillo, Mrs. L. H. Anderson of Pampa, Mrs. Sue Ragan of Perryton. All were here for the funeral. Other members of the family here were: Steve and Marilyn Smith of Marlin; Dale, Doyle and Phyllis Foreman of Amarillo, L. H. Henderson, Elva Jean and Harold; Earline and Lawrence Henry Ragan of Perryton.

Service Stations Will Start New Hour Schedules

Eight service stations in Canyon will start a new war time schedule this week in order to conserve manpower and other expenses in connection with their operation.

Stations will open at 8 o'clock the morning and close at 8 o'clock in the evening under the new regulations. This schedule is for the six week days.

On Sundays one service station will be opened for business. The eight stations will rotate, so that the employees will have to work on Sundays only once in two months.

Announcement of these changes is found in this issue of the News.

Harper Allen Is Navy Lieutenant

Harper Allen has been commissioned in the navy as Lieutenant. He has been in training at Newport, R. I., but is now transferred to New York City for further training. He is yet unassigned for duty.

Lieut. Allen is the son of Prof. L. G. Allen. He was an attorney in San Francisco before volunteering in the navy.

Funeral of Mrs. A. B. Holt Held Friday Afternoon

Citizens of Canyon were shocked Wednesday noon to hear of the death of Mrs. Ida Fay Holt, wife of County Clerk A. B. Holt. Mrs. Holt died after an illness of only a few days. While she had suffered from heart trouble for a number of years, her condition was not considered serious by her family until the morning before her death.

The funeral was held Friday afternoon at 2:30 o'clock at the Baptist Church, conducted by Dr. Roy L. Johnson, pastor. The deceased was described by the pastor as one of the most tireless and willing workers of the congregation, and one who will be greatly missed in all departments of the church's work. The floral gifts from friends was one of the largest seen in Canyon, indicating the high regard in which the deceased was held.

Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home. Pall bearers were: Burney Slack, Lee Foster, Virgil Henson, Jay Prichard, W. C. Black, and J. H. Cox of Lubbock.

Mrs. Holt was born April 8, 1900 near Muenster, Texas. She came with her parents to Canyon 40 years ago, and has since resided here. She finished the Canyon public schools, and received a diploma from West Texas State. She taught at Perryton, and there met Mr. Holt. After their marriage the couple moved to Canyon.

Surviving are the husband and two daughters, Georgia Fay and Carol Ann; the parents, Mr. and Mrs. O. I. Smith; one brother, Ernest Smith of Marlin; four sisters, Mrs. A. D. Foreman of Amarillo, Mrs. Earl Smith of Amarillo, Mrs. L. H. Anderson of Pampa, Mrs. Sue Ragan of Perryton. All were here for the funeral. Other members of the family here were: Steve and Marilyn Smith of Marlin; Dale, Doyle and Phyllis Foreman of Amarillo, L. H. Henderson, Elva Jean and Harold; Earline and Lawrence Henry Ragan of Perryton.

Trains Change Time Dec. 1st

Changes on the Santa Fe time table became effective Dec. 1. All of the trains passing through Canyon changed in time on that date.

The following is the new schedule: Main line, west bound: No. 1, 1:06 a. m. No. 23, 1:35 p. m. Main line, east bound: No. 2, 5:41 a. m. No. 24, 12:48 p. m. Slaton division: No. 96, north, 12:05 p. m. No. 93, south, 2:55 p. m.

Help Keep Canyon Clean!

November Sales of Bonds Short

Every Citizen of Randall County Urged to Buy Bonds In Memory of Pearl Harbor

Randall county citizens failed to meet the November quota of War Bonds! This is the first time in months that the county has failed in meeting the quota, stated R. H. Wright, county chairman.

The quota for the month was \$20,400. The sales amounted to \$16,422. The deficit for the month was \$3,978.

December 7 will be observed as Remember Pearl Harbor Day thru-out the nation. Every citizen will be called upon to do his best on that day buying bonds in larger numbers than he has ever before bought them.

Next Monday marks the first anniversary of America's participation in the war—since the Japs stabbed America in the back while the treacherous peace envoys were engaged in peace talk in Washington.

The Japs had been planning for months and years for that day. Their success during the early months of the war was due to that careful preparation. The Japs gave the United Nations a terrible whipping before America could get started rolling.

Now that the United Nations have stopped the Japs, and Hitler and Mussolini on every front is no time to let up on our war efforts. The war is not over by any means. The hard fighting has just begun. Millions of more men must be trained and equipped before this war is won.

Every citizen of Randall county is urged to buy War Bonds on December 7, and show our fighting men that we are backing them to the limit of our financial ability.

Questionnaires to 18-19 Year Olds of the County

Questionnaires to all boys in the new 18-19 year old age bracket have been mailed by the local Selective Service board. These questionnaires are being returned promptly by the boys, and the board is classifying the boys.

There are few of the group who were married before Dec. 7, 1941, the date which has been set by Selective Service as the one governing the date making the men eligible for deferment.

Practically all of the boys are found to be eligible for military service, and very few of them have asked for deferment, except to finish this school year. A few farmers have asked for deferment for their boys.

A large number of the boys have volunteered into various branches of the service.

Volunteering this week were: Chauncey McCreary Johnson, navy. Dawson Bray, air corps.

Calls have been made for 4 negroes on Dec. 4; and 12 whites on Dec. 8.

Home Nursing Is Popular With 40 Women Attending

Great progress is reported by women who are taking the Home Nursing classes in Canyon.

One class is held in the afternoon and one class at night. Mrs. C. A. Murray directed the work of organization. The two classes are attended by forty women.

There are enough more women in the county who want to take this course to continue classes after the present groups finish the six weeks course. All who have taken the work are enthusiastic over the lesson, taught by Mrs. John Guthrie, who is a registered nurse and authorized Red Cross nurse.

First Aid classes at Umbarger are conducted by Mr. and Mrs. W. L. Smith. The Red Cross approved course is being presented to a large group of citizens in Umbarger.

Mrs. Robert P. Jarrett, Jr., read an informative paper on the organization of county health programs at the afternoon class meeting last week.

ATTENDS MEETING

Mrs. C. A. Higdon and Miss Floy Rowe of Quanah attended a meeting given by the First Church of Christian Scientists in Amarillo Sunday evening. The speaker was James Harry McReynolds, C. S., of Dallas.

Mr. and Mrs. Johnny Simms of Phillips spent Thursday with her parents, Mr. and Mrs. G. B. Heath.

THE CASE OF DARLAN
Admiral Darlan has come in for a lot of cussing from both the Americans and the British. He has been branded as a skunk and traitor to France. No doubt both terms were appropriate. Darlan joined Laval in turning France over to the Germans.

But Darlan was caught in Africa, and as a prisoner of the American troops, he saw the light of day, and decided that it would be a wise thing to join up with the Yanks. He issued orders that the French of Africa, both navy and army surrender without a struggle. Maybe they would have done so in spite of any word from Darlan. But the fact remains that as an opportunist, Darlan grabbed opportunity by the forelock, jumped into a Jeep, waving the Stars and Stripes and yelling his head off for the cause of Democracy and freedom from the Nazi.

The Americans have welcomed Darlan into the fighting camp, but in England, the British and Free French are having a tough job swallowing the words of Darlan. They are like the average churchman who sees the most notorious drunk of the community suddenly converted, and are prone to wonder how long he will stick.

No matter what the motive of Darlan may be, no one can deny that he has served the cause of the United Nations mighty fine—so far. No one questions that our soldiers

have their eye on the old boy and will see to it that Darlan does not stray away from the range of American guns, or be given a chance to double cross us.

The Free French—those who have fought Hitler from the start—have a right to be suspicious and peevish that Darlan has been given first place in North Africa. Whether Darlan will be given a place of prominence in peace negotiations after Hitler has been ousted, remains to be seen.

For the present, let's whoop it up for Darlan—but keep our eye fixed upon his every movement.

Gas rationing caused the greatest uproar so far heard throughout the nation. No one questions that America moves on wheels and that to suddenly stop automobile and truck transportation would entirely disrupt the economy of the nation. If every citizen would carefully observe all of the rules, the nation might rely on voluntary rationing. Unfortunately we have too many citizens who are not yet convinced that war economies should apply to them. They are still the free and independent individualists who believe that they should do as they please regardless of national demands, or national necessities. So far as patriotic talk and flag waving are concerned, this group comprises the cheer leaders of the nation. But when they have to give up some of their conveniences—no, no, NO! A terrible howl follows. Because some local boards have made themselves ridiculous by attempting to make preposterous rulings, the gasoline ration movement has been the most widely criticized ration program in the nation. But we shall all live through it, although we may have to stay at home a little more than we like.

Donald Nelson wired every country newspaper in the nation last week asking them to come to the rescue of the scrap drive. Steel mills are running low on scrap, and need millions of tons more of scrap iron. The case is this: The newspapers took up the scrap drive when it looked like it would fail, or at least not produce the amount of metal needed. The newspapers as a whole backed the drive, and the great success is due to the great publicity which was given by the press. But the country weeklies have a right to be a wee bit peeved at Nelson and the advertising agencies which handled the drive. The weekly newspapers received only two small paid advertisements from the government whereas the dailies were given large advertisements. The advertising in the weeklies brought much larger returns than those in the daily newspapers, according to reports of the experts in charge of the deal. But the weeklies are at it again, urging every

farmer and every city dweller to get busy NOW and turn in your scrap metal in order to keep the steel mills producing the necessary machines which will whip the Axis.

Even some officials in Washington are getting wrought up over the excess of government forms and questionnaires being sent out by the various departments of government. This is truly a war of forms—millions of absurd and needless forms and questionnaires. Which leads up to the prize piece of foolishness. An inspector at the local Selective Service office stated recently that after the war every paper connected with every man registered would be shipped to Washington where every man's file would be audited and local Selective Service officers would be held accountable for what was in these files. The reply is that all people connected with Selective Service will be dead 25 years before this so called auditing is done. Furthermore, no one believes that Washington would be so foolish as to employ millions of workers to check papers which are completely out of date, and nothing could be done, even in case of an error, or in case of misjudgment. Fully 50% of this government red tape should be eliminated, as official Washington is now finding out.

1942 will probably be the last year in which you can secure exemptions on income taxes for sizeable gifts. Those who are going to pay large income taxes next March should see an income tax expert now and make provision to assist local institutions with an appropriate gift before the end of 1942. Every church in Randall county needs substantial gifts. You can help with these religious groups in this manner. Or you can make a substantial gift to some educational institution. The Panhandle-Plains Historical Society should receive enough money to complete the addition on which work has been temporarily halted. With splendid crops this year, hundreds of producers will have huge income taxes to pay this year, and some of this money should stay in Randall county to be of benefit to local institutions. No one who makes such gifts should feel that they were beating the government out of any money. Congress has approved provision for such gifts and made them deductible, so why not take advantage of them.

Some wise guy in OPA put out the statement two weeks ago that Nylon hose was being produced for retail trade, but that stores were withholding these from the women. The results: At Dallas runs were made on every department store; the police had to be called out to quell the riot; rioters in one store did much damage by opening hosiery boxes and throwing contents on the floor. Managers of all the big department stores denied they had any of this popular hosiery; the manufacturers denied that they had

supplied retail stores; but this same wise guy in OPA maintains that he is right. Why in heaven's name cannot Washington cooperate with hard pressed local business men who are demanding so much from local people?

Farmers of Texas will have a fight on their hands when the legislature meets in January. Refund of the gasoline tax on fuel used in motor farm equipment amounts to \$10,000,000 annually. This refund goes to the farmers for the fuel used on their farms, in tractors and other implements never used on the highways. The bill was passed in 1929 by Representative A. B. Tarwater and Senator Clint Small. The big city legislators have always fought this refund. Now that reduced taxes on gasoline will further cripple the badly depleted state treasury, a fight will be made to abolish this gasoline refund so that this ten million shall go into the treasury. Mr. Farmer, better wake up.

Good news comes from every battle front! The United Nations have the Axis definitely on the retreat. There is danger with this first news of success. There is danger that the people of the United Nations will take too much for granted, and will let up on their war preparations. The big push is underway. The push will be destructive in lives and materials. We must make up our minds to be steered for the bad news which will come as our armies and navies continue the drive against the Axis. This is no time to let down on buying bonds, producing foods, making guns, tanks, planes and ships. It will take all of these to finally whip the Axis.

It's too bad that a large number of French ships had to be sunk. They would certainly have been a grand addition to the Allied fleet. But the French fleet at the bottom of the sea is much preferable to the fleet in the hands of Hitler. The sinking of the fleet clearly demonstrates that the heart of France is with the United Nations in spite of the treacherous Laval, who sold France down the river.

Only 18 more shopping days until Christmas. This is the year when the early shopper will find a good selection of Christmas gifts, and the late shopper will find nothing. Every merchant will tell you that he is getting about 25% of his orders filled. "Shop Early," is no mere propaganda this year—it is just common sense.

Before you kick about too little gas for your car; too little coffee and sugar; too little meat; better consider our men on the desert sands of Africa and in the swamps of the Pacific who are offering their lives that our Democracy shall live.

Texas is second in the United States in number of airports, pilots and planes.

Madrigal Club Program Set

Old Songs and Carols
Will Be Sung Sunday
December 13, by Group

A program of old madrigals and carols will be sung by the College Madrigal Singers on Sunday afternoon, December 13, at 4:30 p. m. This will be the only appearance of the club this semester.

Prof. Wallace R. Clark, director, has chosen some of the most celebrated madrigals contained in the

great library of the music department.

The Madrigal Singers, despite the wartime losses it has suffered in personnel, has filled its depleted ranks and has a strong club. Its concerts are anticipated with eagerness by many persons who delight to hear its unaccompanied songs.

"35 won't hurt your car if you're careful at 00 miles an hour..."

"Couple of my customers could even get a new car by U. S. regulations. But they're careful with the car they've got—doing under 35, same as others in wartime. That's the spirit!"

"And this 35-mile 'tops' can make your car last longer yet, if you don't hunt up grief at 00 miles an hour! That's no wisecrack—00 miles an hour. It's when you car is standing and your engine is starting cold, needing lubrication the worst of ever. So I don't just change your oil. I change you to an OIL-PLATED engine with my Conoco Nth oil that attaches OIL-PLATING inside your engine, sort of by 'magnetism'—keeping OIL-PLATING from all draining down to the crankcase overnight, and all day, etc."

"Sooner than you're in the car, OIL-PLATING is up where you need it—instead of taking time getting there. You've had lots of people's word besides mine, that the worst danger of wear comes in starting cold. But what's plainer to get around that, than OIL-PLATING your engine with Conoco Nth oil? I'm extra glad I've got it for you now in wartime."

Hamlin Art Being Moved Here

Every day is an exciting one for the staff of the Panhandle-Plains Museum, where boxes of precious art objects are being received from Judge James D. Hamlin of Farwell. Judge Hamlin has deeded his \$100,000 collection to the Museum and is sending the materials here as opportunity arises. He is serving his fourth term as president of the Panhandle-Plains Historical Society. Already on display in the Mary E. Hudspeth art room are 25 valuable oil paintings, water colors, and pencil sketches. About 75 other paintings are being unpacked for display, and probably one hundred other large pictures and scores of smaller ones and miniatures will be received.

Highly valuable oriental pieces are being received from Judge Hamlin. These include an exceptionally fine collection of ancient bells. There also are incense burners, statuary, and miscellaneous objects. Dr. L. F. Shreffler, curator, and Boone McClure, assistant curator, are displaying the Hamlin collection on the main museum floor now, but it will be taken to the new addition when this is completed.

Still to come are hundreds of other objects, antique furniture, pieces collected during a lifetime of art study and collecting. It is the most valuable collection ever given the Museum.

ly difficult to obtain enough of these vehicles to meet even a substantial part of the need. The Army needs its own trucks and private owners are reluctant to let someone else use their tires.

Railroads are cooperating by converting some hundreds of steel box cars and similar equipment for mail transportation, and Joseph B. Eastman, Director of Defense Transportation, has ordered that unnecessary travel be curtailed to the limit during the holiday season. But these measures cannot assure deliveries of gifts on time unless the public cooperates by mailing early and thus spreading the transportation load over a longer period than usual.

Mr. Purdum called attention to the task of the Post Office Department in moving millions of pieces of mail every day to and from soldiers, sailors and marines throughout the world. This extraordinary job must be kept current, even while the holiday rush of mailings is handled. Also, he pointed out, the postal establishment is operating with many thousands of inexperienced personnel, employed to take the place of men called to the armed services. The new employees naturally cannot handle the holiday mail jam with the smoothness and speed of the postal veterans whom they replace.

In view of all these handicaps to the service, Mr. Purdum added, postal patrons should mail their gifts by December 1 if they wish to insure that their friends will not be disappointed at Christmas.

THE MOST IMPORTANT ANNOUNCEMENT

EVER MADE BY THE U. S. TREASURY DEPARTMENT

The 9 Billion Dollar Victory Loan Drive Is On!

This week the United States Government begins the task of borrowing nine billion dollars from accumulated savings and idle funds in the next several weeks as an essential part of winning the war more quickly and more completely.

During these critical weeks you probably will be visited by a representative of one of the securities firms or banks which are contributing their time and effort—without compensation of any kind—to the Victory Fund Committee. He will explain to you, for instance, the benefits that you can obtain from the new Victory 2½'s—available for the first time. Welcome him as a war worker when he calls. If you miss him, ask your banker or securities dealer for full

particulars. There is no limit to the amount that you can purchase.

Today many American families are torn apart. Millions have left their homes or their jobs; thousands have given their lives and many more are prepared to do so.

But the government, your government, is not asking you to give anything to this Nine Billion Dollar Drive. It is asking you to lend it all of the money you can possibly invest in what is the safest investment in the world—at a good rate of interest.

When the Victory Fund representative calls, please remember this: it is in your own interest, as well as that of your country, to listen to him—and to invest.

Other Treasury Securities offered to investors through the Victory Fund Committee are Treasury Tax Savings Notes A and C, and U. S. Savings Bonds, Series F and G.

BUY THESE VICTORY 2½'s NOW

Twenty-six year 2½ per cent bonds due December 15, 1968, callable December 15, 1963. Issued in coupon or registered form at the option of the buyer. Commercial banks will not be permitted to hold these bonds until ten years after the date of issue. There is no limit on the amount any eligible investor may purchase. Interest is paid semi-annually, June 15 and Dec. 15. The bonds will be sold in denominations from \$500 to \$100,000. In the event of the death of a holder, the bonds may be redeemed at 100% and accrued interest for the purpose of satisfying federal estate taxes.

Two series of shorter term obligations: (a) 1½ per cent bonds due June 15, 1948, and (b) ¾ per cent certificates of indebtedness due one year after issuance. These securities are open for subscription by banks, and also by all other classes of investors, whether private, corporate or institutional.

Long ago the railroads made possible the swift settlement and development of this land.

Today they face their greatest test in the struggle to preserve it.

For this is essentially a war of rolling wheels. Millions of men, and tens of millions of tons of vital raw and finished products must be moved swiftly and surely, where and when they are needed.

Stop the wheels that move them, and we stop all that floats and flies as well.

That is why today, on the Santa Fe, movements essential to the war effort are "topping" the biggest job in our history. They must come first, beyond argument or selfish interest, on every American railroad.

KEEP 'EM ROLLIN'—OR ELSE

★ No nation that does not possess efficient mass transportation can hope to win a modern war. In America that mass transportation job is squarely up to her railroads. If they fail, we lose.

Neither battle gallantry nor industrial wizardry alone will turn the tide. To meet this tremendous responsibility, we ask for every possible consideration in the allocation of materials for vitally essential repairs, maintenance and new equipment.

LET'S ALL PULL TOGETHER

As the tide of military rail travel mounts, you can help us maintain adequate civilian passenger service as well, in these ways:

- ★ Make reservations and buy tickets early
- ★ Cancel unwanted reservations promptly
- ★ Carry least possible luggage, checking extra pieces to avoid crowding
- ★ Vacate dining cars quickly after meals
- ★ Travel mid-week, avoiding week-end and holiday rush periods.

Turn freely to your local Santa Fe representatives for help on your travel or shipping problems.

New Scout Chief Makes Plan for Future Work

W. M. Teague of Dalhart visited in Canyon Wednesday in the interest of the Air Scouting program for Boy Scouts of America.

The two troops, Troop 30 with Marion Higdon as Scout Master and Troop 31 with William C. Cox as the Scout Master, will be registered Dec. 10. Mr. Teague and the Scout Masters will speak at the two schools to interest the boys who are not scouts or those who have been scouts in the past in this program.

The program provides an opportunity for Scouts of any age to pursue their special interest in aviation. By meeting simple requirements and earning certain Merit badges, any Scout who is a member in good standing may become an Air Scout candidate and earn his "propellers." There are three classes of Air Scout Candidates: Tenderfoot Air Scout Candidate, Second Class Air Scout Candidate, First Class Air Scout Candidate. Several badges are given in this work including aeronautics, airplane structure, aerodynamics, and airplane design.

In this work the Scout may make model airplanes, and experiment in testing and flying. He will also be taken on visits to airports and air training schools.

Eddie Rickenbacker says, "The Air Scout program of the Boy Scouts of America is a most timely and important addition to the great work now being done in America through the 1,570,000 boys and men who are fortunate in having Scout training."

The Air program looks to the future, as well as the critical needs of today and I approve of it in every respect. Never was a thorough understanding and general acceptance by the boys of an educational program such as this, so essential to national welfare."

The boys may see their Scout Master and register with them. The first thirty boys that register will be taken.

Miss Natalie Flesher of Segunda, Colo., spent the week-end with her parents, Mr. and Mrs. Charles R. Flesher.

Lieut. Smothers in Talk at Rotary Club Regarding WAACS

Lieut. Rose Smothers, recruiting officer for the Women's Army Auxiliary Corps, was the speaker at the Rotary Club luncheon Tuesday. Lieut. Smothers is a graduate of the Central State Teachers College of Oklahoma, and was teacher of commercial subjects in high school before volunteering for this organization.

The purpose of the WAACS is to replace able bodied men from hundreds of jobs in the army. The women believe that in many instances one woman will replace two men, especially in administrative and clerical work.

Women 21 to 45 are eligible. There are no educational requirements, excepting the mental tests which are given. The volunteers must be in good health, and of standard weight and height. Married women with children over 14 years of age are acceptable.

The volunteers receive the same pay as men in the army. They receive four weeks of basic training, and then go for special training in the field to which they are assigned. More than 50 fields of work are open for the women.

Lieut. Smothers was a member of the second class to be trained at Fort Des Moines. The women of the first classes were selected from all professions and came from every section of the nation. All volunteers now must start as privates, and candidates for commissions are drawn from the ranks.

A Panhandle Platoon is being recruited, and Lieut. Smothers hopes to receive the application of a number of Randall county women. Miss Mabel Schmitz was the first volunteer from this county and will report on Dec. 11.

Dr. J. A. Hill urged all citizens to attend the meetings being conducted by Dr. W. Angie Smith, forceful Methodist pastor from Dallas. Dr. Smith is conducting Religious Emphasis Week at the College, and Dr. Hill hopes that every citizen of Canyon will attend these services.

Clarence Thompson presented the Red Cross service kit fund. \$128 is needed to fill the \$400 quota for the county to complete these kits.

Mr. and Mrs. G. D. Foster and daughter, and Mr. and Mrs. Robert W. Foster and son of Amarillo, joined the other children of Mr. and Mrs. G. G. Foster in a Thanksgiving dinner at the parental home.

Mrs. J. D. Gamble of La Porte, Indiana, is here visiting with friends and relatives. Mrs. Gamble left Canyon five years ago after having lived here for more than 30 years.

Mr. and Mrs. J. B. Winkelman of Amarillo and Misses Helen White Moore and Pauline Brigham were guests in the C. W. Warwick home for Thanksgiving.

Harold Barnett of Shamrock was a business caller in Canyon Friday. He was band director of the Canyon schools last year and holds a similar position at Shamrock.

Mrs. J. A. Harris spent Sunday with Mrs. A. C. Burleson in Amarillo.

school, where his team was outstanding. He went to McLean from Claude where his football team went to the regional finals.

Sewell had been taking a welding course at Pampa during the school year and only three weeks ago went to California to work in the shipyards.

His wife, Mrs. Margaret Cox and their 9-months old son, Sewell Douglas went to Henderson to stay with her parents after Sewell left for his work in California. The wife and parents, Mr. and Mrs. C. L. Grissom, arrived here Tuesday.

Surviving in addition to the wife and son are: his parents, Mr. and Mrs. G. W. Cox; two brothers, Tyson Cox of White Deer and Wesley Cox of Carlisle; two sisters, Mrs. Jim Cabe of Canyon and Mrs. R. M. Burgess of Amarillo; grandfather, W. N. Cox.

Sewell was one of the most energetic and friendly young men of the county. His friends were greatly shocked at the unfortunate accident which led to his untimely death.

Mrs. Elsie Money was called to Caruthersville, Mo., to the funeral of her brother, Charles Kilgore. He was 58 years old. He passed away on Thanksgiving day. His death was due to a severe heart attack.

Mr. and Mrs. E. C. Starr and daughter, Judy Jayne of Santa Fe, N. M., and Mrs. J. R. Roach of Pauls Valley, Okla., visited over the week-end with Mr. and Mrs. T. A. Black.

Miss Louise Manigault, Miss Lilla Clark, Miss Maude Cuenod, Miss Martha Palm and Miss Frances Wilroy spent the week-end in Austin.

Mr. and Mrs. W. H. McAtee, Miss Jean McAtee and Blackie Tippet of Amarillo spent the week-end with Mrs. Irene Ralls and Lottie at Phillips.

Mr. and Mrs. W. I. Wester spent Thursday with their daughter, Mrs. Louise Crowder at Covis, N. M. Mrs. Wester remained until Sunday.

Mr. and Mrs. H. B. Estes of Memphis spent Sunday with Mr. and Mrs. J. J. Walker.

Mrs. Emma Dodson spent Thanksgiving in Amarillo with her children.

Umbarger Items

Gertrude Fischbacher returned Tuesday to Santa Fe, where she is attending the Loretto Academy.

Mr. and Mrs. George Brockman and family, Dr. and Mrs. Helton, Mr. and Mrs. E. J. Friemel were dinner guests in the home of Mr. and Mrs. Otto Skarke Thursday.

Mr. and Mrs. L. J. Wieck and family visited Mr. and Mrs. Norbert Skypala Sunday.

Mr. and Mrs. Max Hoffman and family and Mr. and Mrs. Meinrad Hollenstein visited in the home of Mr. and Mrs. Albert Fischbacher Sunday.

Mr. and Mrs. Bill Bauer and Mr. and Mrs. Louis Wieck visited in the home of Mr. and Mrs. Paul Artho Sunday.

Miss Mary Grabber of Lubbock visited her parents, Mr. and Mrs. Frank Grabber, during the Thanksgiving holidays.

Mr. and Mrs. George Venhaus and family of Happy and Mr. and Mrs. Philip Huseman and daughter, Carolyn, of Nazareth were dinner guests in the home of Mr. and Mrs. H. Hollenstein Sunday.

Miss Margaret Stewart of Follett spent the Thanksgiving holidays with her father, D. Mac Stewart and Dannie.

Mr. and Mrs. Noah Amason and Mr. and Mrs. John Fisher of Silverton, spent Sunday with Mr. and Mrs. W. M. Amason.

Mr. and Mrs. S. A. Covington of Wichita Falls spent Thanksgiving here at the home of their daughter, Mr. and Mrs. J. T. Sykes, Jr., of Chicago, Illinois are visiting in the parental J. T. Sykes home.

Mrs. J. A. Nabers of Vernon spent the week-end at the home of her brother, Henry Bradford.

Miss Helen Anne Allen and Glenn Allen of Ft. Sumner, N. M., visited in Canyon Monday.

R. E. Foster and son, Don, spent Sunday at the home of his brother, George Foster, at O'Donnell.

Dean R. P. Jarrett is attending a meeting of the college representatives at Nashville, Tenn., this week. Miss Dortha Roberson of Wellington spent the week-end with her sister, Miss Oma Roberson.

Sgt. Jesse Bewley of Camp Edwards, Mass., is visiting here on a short furlough.

Miss Kathleen Carr and Miss Anita Cleland of Canadian spent the Thanksgiving holidays with their parents.

NOTICE

Owing to labor shortage and business conditions confronting Service Stations under rationing, the following new regulations will be observed by the undersigned Stations in Canyon.

OPENED FOR BUSINESS FROM 8:00 a. m. UNTIL 8:00 p. m. DAILY—EXCEPT SUNDAY

SUNDAY REGULATIONS

Starting December 6, only one of the following Service Stations will be opened for business. The Stations will be rotated in the following order that their names appear below:

Griffin Truck Stop
Hawks Motors, Inc.
Cole and McGahey
Sinclair Service Station
White Way Service Station
Moore's Service Station
"K" Service Station
Phillips "66" Service Station

We hope that all citizens of Randall county will assist us in this important war effort. We will take care of all your needs as promptly as possible.

Miss Esther Rudolph of Phillips spent the Thanksgiving holiday with her sister, Mrs. Dan K. Usery. Miss Martha Lee Foster spent the Thanksgiving holidays with Miss Jewel Young in Borger.

John Morris was home this week from the navy training station at Great Lakes, Ill., to visit home folks.

Charles and Bob Ford spent the holidays with their grandmother, Mrs. A. E. Quest.

C. H. Stratton was laid up several days this week as the result of being bruised when a horse fell with him. The horse ran into an electric fence, and the saddle girth broke, giving Mr. Stratton a bad spill.

Cpl. Kenneth Gibson of Lubbock is visiting his wife at the parental C. H. Jarrett home. He has a ten-day furlough.

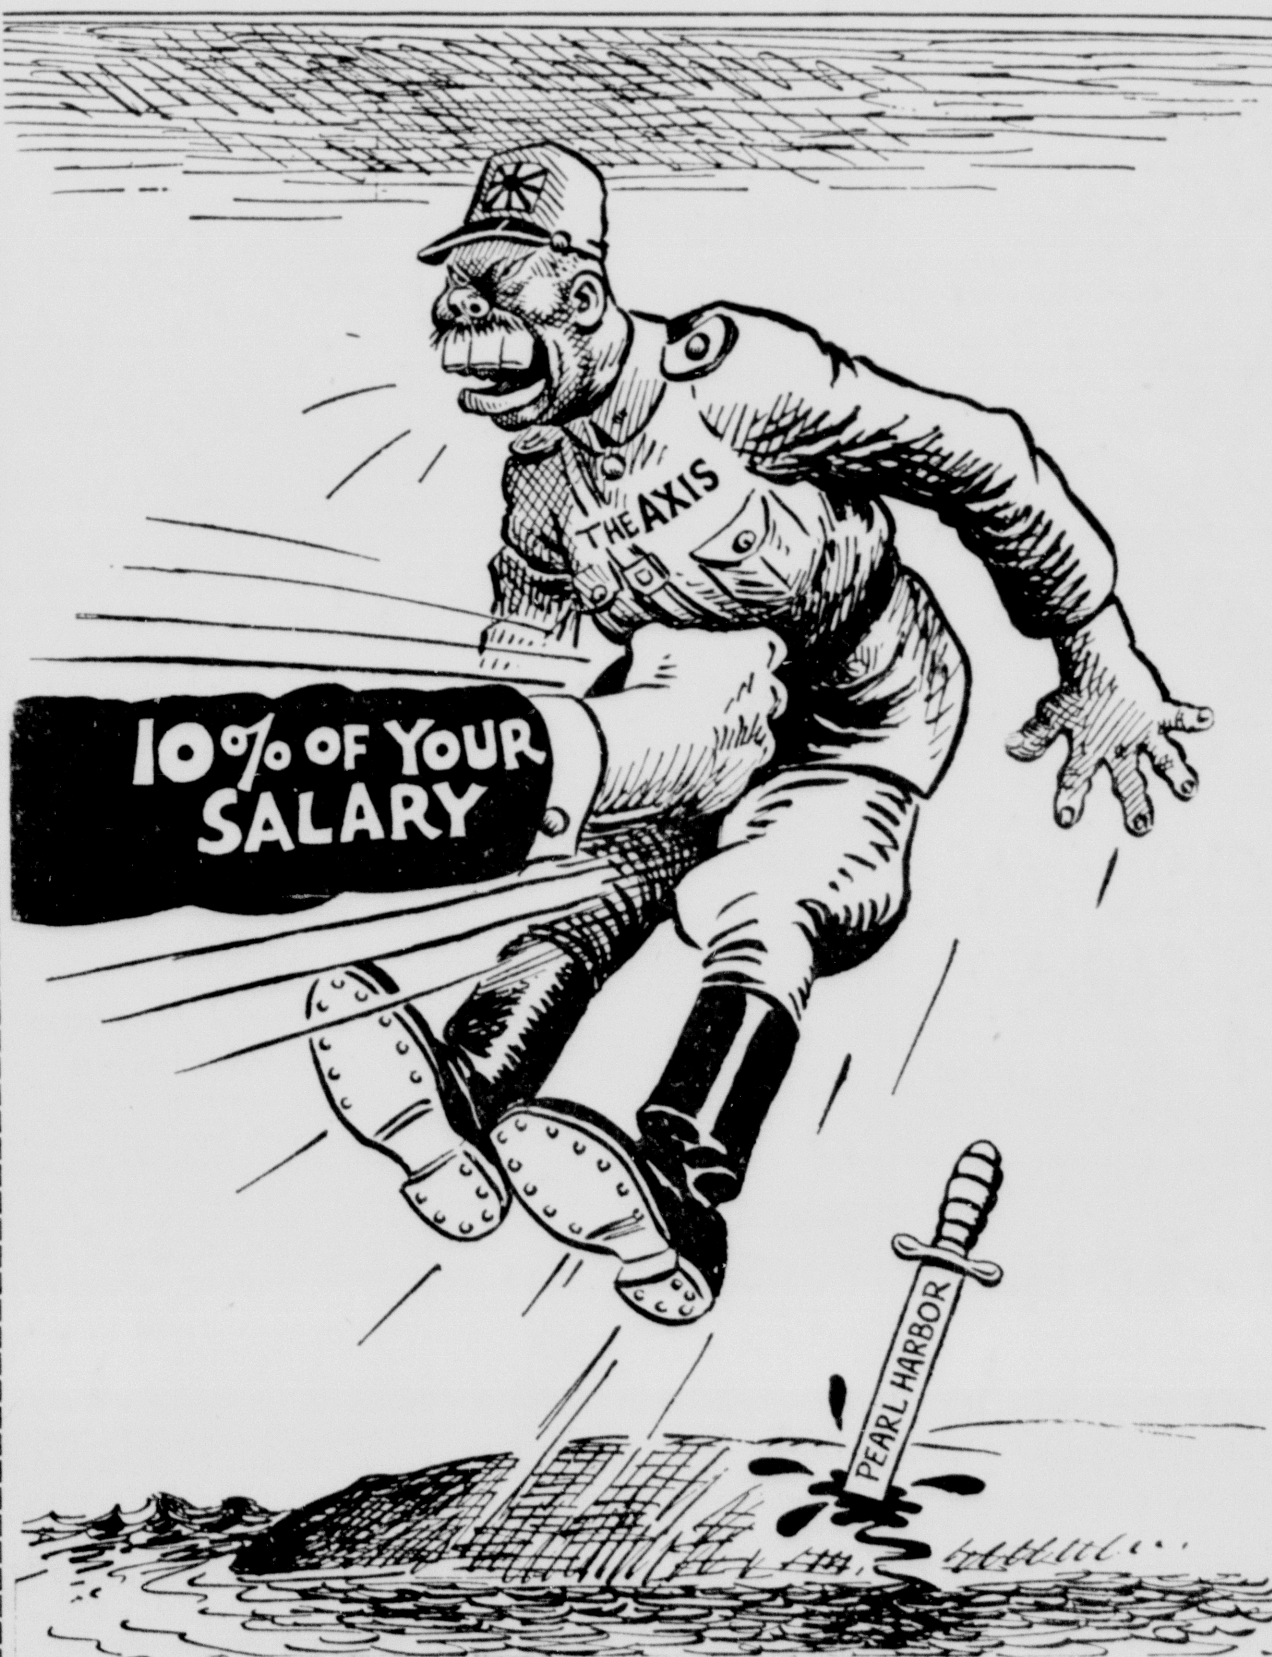

Sgt. B. Raymond Evans of Boston, Mass., is here on a short furlough.

Week-end guests of Mr. and Mrs. J. D. Key were Albert and Robert Key of Lubbock, Rex Bridges of Abernathy and Elmer Scott of Eldorado, Okla.

Dick Louder, mechanic in the naval air corps, was home from Corpus Christi to spend a few days at the parental S. B. Louder home.

Cpl. Burtel M. Aardal of Camp Gordan, Ga., visited in the A. W. SoRelle home Wednesday.

Eagle Second String Gains
Victory Over Happy Group

Returning from a successful attack upon the Happy Cowboys, the Canyon expeditionary force reports objectives successfully captured. After bombarding the enemy goal very heavily the crack first team was relieved by fresh reinforcements who managed to end the battle 69-39 in favor of the Eagles.

Age of the first string was Chic Wirt, who brought down 20 of the 69 winning points.

When the chief shock troop had assured a victory, General Milton Sanders replaced them with the recruits he is training for next year. Having opened a second front, the Eagle "B" team raided the enemy basket so that when peace was declared, the tally showed the Eagles with a 36-8 lead.

This may very well have been the last of the Eagles' out-of-town games as gasoline rationing and shortage of transportation facilities may curtail future maneuvers.

LIVE DAILY

Trying to live one's life before enlistment is as unreasonable as consuming a week's supply of food in a day.

We must live through the duration, not simply for the duration.

Why take the selfish outlook and try falling in love simply because there may not be another chance. Accidents happened minutely in peace time and we don't practice rushing around senselessly simply because we may die by some unknown cause before the day is over.

Boosting Uncle Sam's store of War funds, students of Canyon High School purchased \$21.70 worth of War Stamps last Monday. That's "okay," but it can be beat!

Parents Furnish Stamp Money

Bonds and Stamps Make
Good Christmas Gifts

"Hey, Pop, I gotta have all the money you can spare, because Monday is Bond Day all over the country and we have to do our part," will say many students to their parents this week-end—but before the parents "hit the ceiling," they should be sure to ask "why!" A typical reply to the question "why" should be "to buy War Stamps and Bonds, Monday, December 7, Pearl Harbor Day."

If Christmas gifts have begun to worry you, try giving something patriotic because the average American family, as well as the individual, has started a Stamp book of some price. Inquire as to the price of Stamps, and give some.

Last years the Canyon Public Schools started the sales of Stamps and Bonds and have continued the campaign this year with additional exhibition of patriotism throughout the student body.

If you see a parent of any student bragging about his son or daughter's American spirit, don't consider him conceited, because a patriotic American is something to brag about.

Stamps and Bonds will be on sale in the high school Monday morning from 9 until 10 o'clock, at noon, and during the afternoon.

Don't forget Pearl Harbor and you won't forget Bonds!

Scribblers Club Is Grade Enterprise

Phyllis Littleton is the president of the Fourth Grade Scribblers' Club, which was organized last week by Mrs. L. M. Cousins' fourth grade students. Other officers of the club are vice-president, Walton Byrd; and secretary, Merle Bullard.

Friday the program committee, Barbara McDougal, Gladys Thomas, and Robert McClendon, will introduce a new type of club program in the form of a radio broadcast from station FGSC, call letters being derived from the name of the club.

In addition to giving programs, the students are planning to write a newspaper.

"I hope to create more interest for the students in writing paragraphs and stories interestingly," said Mrs. Cousins.

Eyebrows Acclaim Bewley

Have you ever seen a girl's eyebrows whistle? Well, Jess Bewley (in his staff sergeant's uniform) accomplished this unbelievable feat in Canyon High School Monday morning when he returned for a short visit to his alma mater from which he escaped in 1939 as a graduate.

Stationed at Camp Edwards, Buzzard's Bay, ("a great little town," he admits in brass irony), Sergeant Bewley exclaims, "I've seen a specimen of every nationality in the world including Japs, Germans, Wops and Russians. To converse with the Easterners one must concentrate diligently to understand their language, and when two sputter at once, nothing is understood. At first we had a hard time trying to understand them, but after six months, we have begun to comprehend their lingo."

Ex-Student Praises East

As a reply to a query from a reporter of "The Eagle's Tale," Jess explained that he did not have any trouble with the members of the fairer sex in the East, except that he had to learn to dance again. Massachusetts girls just think differently and their dancing is more of a waltz and jitterbug mixed.

Talk about luck! A company of WAAC's are establishing a camp about a half mile from his company. Some people get all the breaks!

Discussing his view of the war effort the staff sergeant commented, "I've heard more about gas rationing since I returned to Texas than ever before. In Massachusetts, the people are of the common opinion that the rationing is a 'dirty gyp,' but they don't gripe as long and loud as the people of Texas where there is much more discussion of

the war than there is in the East.

Civilians Question Soldiers
"Because we are in uniform, civilians inevitably question us about the war. But, although we're interested and have been ready for active duty for several months, we probably know less about the actual conflict than outsiders do, for there is little discussion on the subject in camp."

"Home looked pretty good to me," Jess admitted, "especially since I learned that after December 6, no more furloughs will be granted."

Speer Commends Students
"We are always more than glad to welcome our ex-students back to Canyon High School, and it is with a great deal of pride we learn that our ex-students are winning more than their share of promotions in the armed services," Superintendent J. B. Speer said in behalf of Canyon High School.

New Pupils Boost Enrollment Total

Another advance in the Canyon Grade School enrollment was made last week when two new students entered the first and fifth grades.

James Ed Smallin is a new member of Mrs. M. S. Bishir's first grade, while Bobbie Nell Smallin increases the number of students in Miss Myrtle Hall's classes.

Thanksgiving Offers Teachers Activities

"Keep the home fires burning" was the theme of these 15 teachers over the Thanksgiving holidays: Miss Elva Fronabarger, Mrs. Roscoe Davis, Mrs. R. E. Harter, Miss Sarah Thompson, Mrs. L. M. Cousins, Miss Florence MacMurray, Mrs. John Davis, Mrs. A. L. Walsh, Mrs. A. K. Goodman, Milton Sanders, Mrs. Guy Tabor, Mrs. E. L. Braudt, Mrs. James Jennings, Miss Grace Clark and Mrs. J. W. Kleinschmidt.

Contrasting in a much smaller number are these teachers who traveled during the holidays: Superintendent J. B. Speer, Plomot and Dickens; Mrs. M. S. Bishir, Lubbock; Mrs. Stella Murrell, Pampa; Mrs. T. W. Collins, Plainview; Miss Myrtle Hall, Hedley; Miss Mary Roberts, Amarillo; Miss Mildred Cole, Pampa; Miss Rhita Jean Sullivan, Denver City and Miss Helen Whiteside, Greenville.

The only faculty member to journey out of the state of Texas is Mrs. C. E. McDonald, who traveled to Wichita, Kansas.

Characters Begin Steady Practice

After two weeks of practice and memory work, the Junior Play cast is now beginning its third week of rehearsals for its class production, "That Crazy Smith Family."

Practicing sometimes after school and sometimes in the evenings, the actors are now beginning to really get the "feel" of the character that they are to portray.

"Rehearsals so far have not been very regular because of the various holidays. However, we expect to really put in some hard work between now and time for presentation. If everything runs according to schedule, the cast will be 'ready and raring' for production night December 14," commented Mrs. James Jennings, sponsor.

The WAR— a SCREWDRIVER and a PAIR OF PLIERS

Yes, sir, these tools have a big responsibility during the war, but you won't find them shirking. The war has made their job increasingly difficult. New appliances are gradually disappearing from our shelves and it will be our job, yours and mine, to keep the old ones in repair. It takes trained labor and service parts requiring critical materials to make a service department function efficiently. Uncle Sam needs both labor and material. Therefore, we on the Home Front are called upon to help, by taking care of the appliances you have.

You can help by advising us of your service needs as far in advance as possible. You can help by exercising a patient understanding when parts, which under normal times could be obtained in a few days, are delayed much longer. Emergency jobs must be taken care of first, and here again we will ask your indulgence. Before you throw away ANY appliance that just doesn't work, consult us! Our Repair Department may be able to keep it in service.

MORE tension, excitement, worry and anger were crowded into the first 24 hours of World War II than were experienced in the other 364 days of America's first year of war.

Within two days of the sneak attack on Pearl Harbor, Japanese troops began their invasion of the Philippines.

When, on Dec. 16, the United States declared war on Italy and Germany, American marines were battling numerically superior Jap forces on Wake island. The heroic defenders of Wake island, who commanded via radio "Send us more Japs," fell before the enemy eight days later.

Meanwhile the Japanese were spreading their attacks over all the Pacific. Hong Kong surrendered. Then Manila fell. On the same day that Manila fell, 26 United Nations signed a compact to put an end to the dictator nations.

At home rapid steps were being taken to place the nation on an all-out wartime basis.

The President outlined to the nation his program of war, and then named Donald Nelson production boss on January 13.

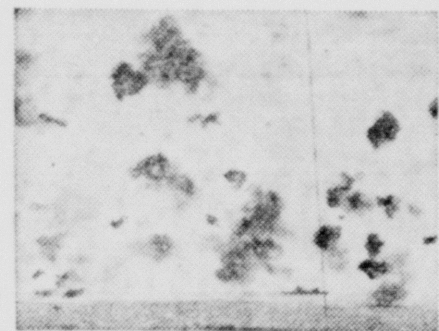

The heightening crescendo of the nation at war continued. Twenty-one American nations signed a unity pledge at Rio. Five days later, on January 26, the first AEF arrived across the sea in Ulster.

British Singapore surrendered on February 15. One month later U. S. infantry and air forces arrived in Australia. The following day General MacArthur, escaping from the Philippines, arrived there to take command.

Early in April the Japs had overcome almost all resistance in the Netherlands Indies. Bataan fell on the ninth of the month, but Corregidor held on despite continuous artillery and air attacks. Then the Japanese people were given a taste of war. On April 17, Brig. Gen. Jimmy Doolittle led a squadron of bombers over Tokyo and blasted vital spots in that city.

The remainder of the month was rounded out by men 45 to 64 registering on April 27. Sugar rationing, and wartime price control by the OPA went into effect the following day.

The first day of May found American workmen in factories throughout the country producing more and more for victory. The following day, Joseph B. Eastman, defense transportation director, said

that train and bus service was to be restricted. News came from the Coral Sea zone that the Japs were whipped in a great sea battle there. In the middle of the month Mrs. Oveta Culp Hobby was named head of the WAACS.

The first air attack by the Japs on the American continent came on

June third when they bombed Dutch Harbor, Alaska. A few days later 99,770 persons, mostly Japs, were removed inland from the West coast. Then on June 12 Japanese forces landed in the Aleutians, on Kiska and Attu islands. News was breaking fast now. Elmer Davis was appointed head of the Office of War Information. Soon the navy announced (June 22) that it was conveying ships along the East coast. On June 26 one of the greatest news stories of the year broke when the FBI announced they had nabbed eight Nazi saboteurs who had been landed on Long Island and Florida beaches.

A seven man military commission was appointed July 2 by President Roosevelt to try the saboteurs.

The first days of August found Australian and American troops pushing

the Japs back in New Guinea. On August 8 began the United States' Solomon islands offensive as the navy attacked the enemy fleet and shore positions. The marines landed on the 10th and established strong shore positions. Soon they were fighting on Tulagi, Florida, and Guadalcanal islands. Air, land and sea forces joined to beat off attacks by the Japs. Heavy naval losses were recorded by both sides. Meanwhile in the U. S. six of the Nazi saboteurs were found guilty and executed; two were imprisoned.

On September 2, announcement was made that U. S. troops were in Belgian Congo, and that U. S. planes were bombing the Japs in China. American bombers made another foray against the Japs on the Aleutians. A Jap sponsored disobedience movement in Chicago was nipped by the FBI when it arrested 84 Negroes and one white man. Wendell L. Willkie, on his round-the-world tour of the United Nations, visited the Russian battlefield and returned to Moscow toward the last of the month.

Action in the Alaskan zone came in October. On October 3, the army, supported by the navy, occupied the Andreanof group of Aleutian islands—close to Jap-held Kiska. The Japs,

consolidating their scattered forces in Alaska, quit Attu and Agattu on October 7. In an interview Secretary of War Henry L. Stimson announced that by the end of 1943 the army will be more than seven million soldiers. In Europe, U. S. Flying Fortresses bomb Nazi sub base at Lorient and ripped it apart. A few days later it was announced that

Capt. Eddie Rickenbacker was missing with his plane crew as it was on a flight to an unnamed destination in the Southwest Pacific. As the end of October neared, the see-saw struggle between the Nazis and Allies flared up after comparative quiet. Thousands of Allies, many of them U. S. tank-men and aviators, joined with British forces and began the push against Rommel. Lieut. Gen. Montgomery said he was out to clear Africa of the Nazis.

The first day of November found added taxes on many luxuries in compliance with recent passed tax bill intended to add billions to the treasury. Meanwhile in New Guinea, the Solomons, and over the European continent, the Yanks continued to dish it out.

On Saturday, November 7, word flashed through that the American Expeditionary Forces were moving against Vichy, France, in North Africa. Vichy broke diplomatic relations. The fall of Algiers marked the greatest initial American success in establishing the long-heralded second front. Lieut. Gen. Dwight D. Eisenhower, in command in North Africa reported himself "well satisfied" with opening developments. Gen. Henri Giraud, French

general who escaped from German prison camps both in this war and the last one, arrived in Algeria to organize a French North African army and "again take up arms side by side with forces of the United Nations for the defeat of Germany and Italy."

The closing days of America's first year of World War II were marked by intense interest in the news of developments on the recently opened African second front and reports from the far-flung battle lines of the Pacific.

Buffaloes Get Third Place

Hardin-Simmons Cowboys Voted Championship of Border Conference

West Texas State equalled last year's performance in the Border Conference by finishing third. Conference officials gave the championship to Hardin-Simmons University by deciding that a game forfeited to the Cowboys by Arizona State of Tempe was a game won in the percentage column.

Until this decision was announced, the Cowboys and Texas Tech were tied with 3½ games won, each. The two outfits went to a scoreless tie when they met, and each received credit for half a game won.

Last year the Cowboys were co-champions with the Arizona Wildcats, with the Buffaloes just below them. Texas Tech did not play enough conference games to figure in the ratings. This year the Buffs outranked Arizona because of more games won in the cactus circuit. Peculiarly, the teams now ranked 1, 2, and 3 are those admitted to the conference two years ago. Tech had been a member at one time, but it was a new connection for West Texas State and the H-S. U. team.

The championship makes Hardin-Simmons a logical choice for the eighth annual New Year's Day game in the Sun Bowl at El Paso. No announcements have come from the Sun Bowl committee, which

once canceled the game and then reconsidered.

The final Border Conference standing:

Team	W	L	TP	OPP
Hardin-Simmons	4½	0	113	33
Texas Tech	4½	0	72	7
West Texas State	5	2	99	93
Arizona U.	4	2	142	88
Texas Mines	4	3	141	77
New Mexico	3	4	112	67
Tempe	2	4	47	127
Flagstaff	1	4	18	86
N. M. A. & M.	0	6	6	192

In finishing third, West Texas State sustained a tradition often voiced by southwestern sports writers—that of being "always tough." The Buffs' crucial game was the tussle with New Mexico University at Albuquerque, which had a much better team than its conference standing indicates. It was this victory which established the locals firmly in third place and enabled them to rank above two universities of the circuit.

The die was now cast; I had passed the Rubicon. Swim or sink, live or die, survive or perish with my country was my unalterable determination.—John Adams.

There were 151 airports and eleven seaplane anchorages in Texas listed by the Civil Aeronautics Board as of January 1, 1941.

Known as the "West Point of the Air," Randolph Field, 12 miles east of San Antonio, is the world's greatest school for aviators.

The largest outdoor swimming pool in the world is located at Balmorhea State Park, 41 miles southwest of Balmorhea, Texas.

Remember Pearl Harbor / WORK..FIGHT..SACRIFICE

A CHALLENGE AND A PLEDGE

THIS year, for the first time in the history of our country, we have a new significant date—December 7th. This is the first anniversary of the black day when the warlords of Japan struck with treachery to plunge the United States into war.

At home and across the seas, wherever our citizens and soldiers may be, the people of the United States mark this day. True, there is some bitterness at the memory of the treacherous character of the attack, but also there is now a stronger, more moving spirit that envelops us as we dedicate ourselves to the cause of freedom and democracy.

It is this:

Rather than any smaller, more melodramatic concept of vindictive revenge, rather than merely challenging ourselves to "Remember Pearl Harbor," our thoughts and actions are now resolved into the broader, more powerful recognition of our tremendous role in the history. Every citizen feels it and marks it well within him. It is on this day that we pledge ourselves to:

REMEMBER PEARL HARBOR

WORK . . . FIGHT . . . SACRIFICE!

This striking photo of the American Eagle in militant mood symbolizes the attitude of the U. S. as the first year of World War II ends.

Regents Lift Another Degree Requirement

Education Not Demanded For M. A.—W. T. Already Had Taken This Step

Indicative of the trend toward broader offerings which will more effectively meet the needs of the people in a decision of the Teachers College Board of Regents to eliminate Education as a requirement for the M. A. degree.

The action was taken at a meeting of the Board last week. West Texas State had already taken this step.

There also were indications that several other state colleges will reorganize their administrative set-ups along line pioneered this session by West Texas State. The meeting of wartime needs is making many curriculum changes necessary.

The state college presidents, including Dr. J. A. Hill, called on Governor Coke Stevenson and discussed with him the problem of appropriations for the biennium starting next September. Grave state financial problems will arise from the loss of revenue during the period of gasoline rationing.

The immediate future of education is filled with uncertainties which will also trouble the Legislature. Enrollments in the 1943-44 long session are expected to reach an all-time low, with resultant drops in appropriations and reductions in teaching personnel. Many colleges will put part of their dormitory facilities at the disposal of the armed forces.

Dr. Hill and a number of faculty groups will meet this week to plan West Texas State's war program for the remainder of this session.
